

PURUSOTTAM DASH

AI & Machine Learning Engineering Student | Python | Data Analytics | AI Enthusiast
Bhubaneswar, Odisha, India | Email: purusottamdash0@gmail.com | Phone: +91-7077083963 | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning at ITER, Siksha 'O' Anusandhan University. Passionate about leveraging AI and data-driven technologies to solve real-world problems. Hands-on experience with Python, Data Structures & Algorithms, TensorFlow, PyTorch, SQL, and data analytics, strengthened through internships, job simulations, and industry certifications. Seeking internship opportunities to apply technical skills and contribute to impactful AI/ML projects.

EDUCATION

B.Tech in Computer Science Engineering (AI & Machine Learning)

Bhubaneswar, Odisha

Institute of Technical Education and Research (ITER), Siksha 'O' Anusandhan (SOA) University

SKILLS

- Programming & Tools: Python, Java, SQL, Data Structures & Algorithms
- Machine Learning & AI: Machine Learning, Deep Learning, TensorFlow, PyTorch, Generative AI
- Data: Data Science, Data Analytics, Data-driven Problem Solving
- Other: Problem Solving, AI Tools (ChatGPT, Claude), Software Engineering Fundamentals

PROJECTS

Real-Time Fire and Smoke Segmentation Using YOLOv8n-Seg

- Developed a real-time segmentation model using YOLOv8n-Seg to detect and localize fire and smoke regions in image/video frames for early disaster-warning applications.
- Authored a formatted technical article covering the model architecture, training pipeline, and segmentation performance.

Forecasting of Smart City Traffic Patterns

- Designed a time-series forecasting pipeline to predict traffic flow across smart city zones, supporting data-driven traffic management.
- Processed and engineered features from traffic data to train and evaluate forecasting models.

EXPERIENCE

Python Intern — Whizzo Infotech Pvt. Ltd.

Sep 2024 – Nov 2024

- Completed a hands-on Python internship program, strengthening core programming and problem-solving skills through applied project work.

Virtual Internship — Infosys Springboard (Internship 7.0)

- Selected/shortlisted for the Infosys Springboard Virtual Internship 7.0, gaining exposure to industry-aligned project simulations.

JOB SIMULATIONS

- Deloitte – Data Analytics Job Simulation (Forage)
- Tata Group – GenAI Powered Data Analytics Job Simulation (Forage)

CERTIFICATIONS & TRAINING

- Introduction to Artificial Intelligence (AI) — IBM (Coursera)
- Getting Started with Artificial Intelligence — IBM SkillsBuild
- AI Concepts for Developers and Technology Professionals — Microsoft Learn
